

All the heat you need!

THERMOBILE

PROHEAT Cabinet oil fired with flue connection and built-in fuel tank

Advantages of THERMOBILE PROHEAT series:

- Low-noise radial fan.
- Large air volumes guarantee quick heating.
- Standard equipped with thermostat.

Erp 2018 Compliant

APPLICATIONS

AUTOMOTIVE: Heating garage workshops, valeting bays, commercial workshops.

AGRICULTURE: Heating workshops.

INDUSTRY: Heating and frost protection of warehouses, halls, transit sheds.

Pro heat 100 S/H

FEATURES

- : Capacities of 30 and 100 kW net, with an efficiency of 92%
- : Plug- and- play principle, quick and easy to install.
- : Standard model Four adjustable outlets equal air distribution and connection for air duct.
- : Swivel head models available with 2 x adjustable swivel heads
- : Combustion chamber and heat exchanger of heat resistant steel.
- : Control panel fitted with fan only facility, warning lights and built in thermostat.
